**Subject: Saturday UPDATE - Federal Register**

Hi everyone, I wanted to share three quick updates on the regulatory front. Per yesterday's memo from the WH CoS to Agency heads and follow-on conversations with the EPA beach head team today:

(1) We believe the items scheduled to publish in the FR on Monday will still publish (list attached), but we are withdrawing those scheduled for Tuesday and beyond.

(2) We are asking for an extension of the effective date (to 60 days from yesterday) for all actions published in the FR that were set to become effective within the next 58 days.

(3) We are asking OMB to return the 3 items currently there (NSPS for grain elevators - amendments, PCB-containing fluorescent light ballasts in schools/daycares, and FIP for existing O&G sources on U&O reservation).

More soon.
